## My Four Wedding Album Packages Are Very Flexible

**MAKE YOUR WEDDING ALBUM PACKAGE WORK FOR YOU** All four wedding album packages detailed below are flexible. This means you can swap, trade, exchange all listed package content so you only receive sizes and items you need. There are many options so you can customize your package, so you never get 'stuck' with content not needed. You tell me what you want and self-design your package content (after your wedding) to make it work for you. You are in charge.

**NO HIDDEN COSTS OR EXTRA FEES** We are open and transparent with pricing. There are no additional fees unless you decide to upgrade a wedding album and/or add extra album pages. All costs are always included in quoted rates. After your wedding, you will receive all your edited pictures on a high-speed USB flash drive. A second back up flash drive is also included with any coverage time selected. Online viewing is included for at least five years. **All rates include tax and there are no travel fees unless otherwise indicated.**

**VALUE / QUALITY / SERVICE** Any professional you hire should be excited to work for you as part of your wedding team. Our goal is to be prepared, work hard, so each couple has an enjoyable experience. Couples find my coverage options are flexible and provide value without compromising quality. There are no hidden fees. My pricing is upfront and transparent. This way you know the cost of everything before you get started. Tax and any travel fees are always included in quoted rates. No extra costs.

**STRESS-FREE & SIMPLE** If you have time, look through some reviews at [WeddingWire](#), [The Knot](#), or [Google](#) as these offer insight from couples we have worked for and their experience with my company. Along with must-get elegant family groups and beautiful couple pictures, we take many natural-looking candids that are authentic, unobtrusive, and real-looking. We believe in being prepared, working hard, and documenting each wedding story in a classy and elegant way. We just want you to have an amazing stress-free experience and enjoy your day.

We are happy to have more five-star reviews online (over 1,500) than any other photography company in New York state, Massachusetts, Vermont, or anywhere else in New England.

**ONLINE VIEWING IS INCLUDED FOR FIVE YEARS** The way online viewing works is simple. After your wedding, I will email you a personal web link to all your pictures that you can share with anyone. You can have your link password protected or leave it 'unlocked' so anyone you share your link with can download images at no cost. There is a convenient online shopping cart for anyone interested in ordering prints or enlargements. You can also make any image(s) private if preferred and/or create favorite lists. Your link layout is compatible with all devices including smart phones, iPads, tablets, laptops, and pc's. **There will be NO logos/watermarks on any images either on your flash drives or your online viewing link.**

**WEDDINGS-BY-THE-HOUR** WBTH coverage is a good option for couples who prefer to keep things simple and not to be 'locked' into a larger package structure with albums and other content not always needed. With WBTH, couples have the option post-wedding to select wedding or parent albums *a-la-carte* at discounted rates. **See separate attachment for detailed WBTH information and hourly rates.**

**ALBUM PACKAGE DISCOUNTS** The package rates below (for my four main album packages) are for Saturday dates from April through October and includes all tax and travel fees unless otherwise indicated. A \$100 discount would apply for any Friday or Sunday date (from April through October). Any November through March date would receive a \$200 'off-peak' discount regardless of the day. There are extra discounts for midweek dates. Only one discount can be applied for any date.

PLATINUM Package.....\$3,195

Featuring ALL the GOLD package content (listed above), **with the addition of any TWO choices listed below**. You may also double up on any option, **(except options #3)**, and make your selections after your wedding when you have all your pictures. Everything is very flexible allowing you complete control to select *a-la-carte* what extras you would like to add onto the gold package. You get to self-design your package content this way. *Choices listed below are in order as most frequently requested by couples (from #1 through #8).*

1. Upgrade each standard parent album with 12 extra pages. Add 12 additional pages to the two parent albums that come included with the gold package. This would increase the size of each parent album from 24 to 36 pages. You can also split these 24 extra pages if preferred (in units of two) and, for example, add 18 pages to one album and 6 pages to the other album. The upgrade fee for 24 extra pages is \$180 when ordered separately.
2. Upgrade a parent album from the standard 4x6 format included with the gold package, to a larger 5x7-size. Your 5x7's are matted in a medium-format (10x10 finished size) leather Florentina album. Six extra pages are also included with this upgrade that will increase the size of the 5x7 parent album from 24 to 30 pages.
3. Upgrade your traditional Florentina wedding album that comes included in the gold package to a custom flush-mounted Coffee-Table Designer Album. The upgrade cost is \$150 when selected with the gold package.
4. Add on 30 additional photo selections for your Coffee-Table Designer Album plus extra pages. A \$150 value.
5. 48, additional 4x5-format folding photo thank you cards and envelopes.
6. 24, 8x10 custom enlargements of your choice.
7. 6, 16x20's and/or 12, 11x14 custom enlargements of your choice.
8. 48, 5x7 custom enlargements of your choice.
